## PROJECTS

simple blog (2020) [EJS, BOOTSTRAP, NODE JS, MONGO DB]

“Jiggasa” is an Q&A server where users can participate in bangla. It is developed with the aim of learning from the best by comparing answers. We wanted to create a platform that allows users to participate in Bengali which will help them to keep up with the latest technology. Our server will provide an environment that will provide users to explore and express their thoughts.
